---

Dear Application Committee,

I'm writing to recommend Philip Lague for acceptance into your organization. I have worked with Philip in my role as an English Teacher at the Center for Technology, Essex during his senior year here at the Center. In that time, I have found that he has a strong desire to learn, create, and understand the world around him. He is also a very respectful and reflective person who is able to complete tasks both independently and within a group setting.

I am currently teaching Philip in our Integrated Literacy class connected to the Computer Animation and Web Design program, where we focus on career and technical literacy, as well as general English topics. I have seen Philip face challenges head on and rise to the occasion, succeeding and often exceeding expectations, all the while maintaining a positive and humorous attitude toward life and all its difficulties.

Philip's strong work ethic, professionalism, and creative thinking will help to make him an invaluable member of any career or higher education he pursues. I'm incredibly pleased that I have had the opportunity to work with Philip in his time here at our school and know he will be able to accomplish anything he sets his mind to.

Please feel free to contact me if you have any questions or need additional information.

Sincerely,

Cynthia Yopp (they/them)

English and Literacy Instructor

Center for Technology, Essex
